Do you have any strategic suggestions for addressing this? Should I with sanitation? There are fines but how is this processed and how do we document? It doesn't just happen to us, I know -- but it's such a drain on resources.

Morning Historic Team,

Attached are photos from illegal dumping that is happening on Los Angeles. Winston mentions below that it takes a pretty significant amount of time to address these.

Thanks,

This is Los Angeles over the past week. I am using at least 15 water truck hours on a weekly basis to assist in keeping Los Angeles clean.
